### INDUSTRIAL DISPUTES, SEPTEMBER QUARTER 1967

This bulletin contains statistics of industrial disputes, involving a stoppage of work of ten man-days or more, for the quarter ended 30 September 1967.

Table 1 shows a summary of disputes for Australia since 1953, table 2 the details of disputes in industry groups for each State and Australia, and table 3 a summary of disputes in each State in recent years.

For further information about these statistics see Labour Report No. 51, 1964.

- (a) Refers only to disputes involving a stoppage of work of ten man-days or more.
- (b) An industrial dispute involving workers in more than one industry group in a State or Territory is counted once only in the statistics of "Number of disputes". In such a case it is included in the industry group which had the largest number of workers involved. Figures of "Workers involved", "Working days lost" and "Estimated loss in wages" are allocated to their respective industry groups.
- (c) In respect of disputes which commenced in the previous quarter, this table includes all "Working days lost" and the total "Estimated loss in wages" during the current quarter. However, only workers additional to those involved in the previous quarter are included in "Workers involved."

For footnotes (d), (e), (f) and (g) see page 3.
